Fraser, A.D.

[Toronto, Canada]

1924

August 28th, 1924

A. D. Fraser, Esq.
60 Albany Avenue
Toronto, Ont. Canada

Dear Mr. Fraser:

On my return from the Cleveland Convention of the Numismatic Association, I find your letter of August 26th awaiting me.

I am somewhat disturbed about the coin as it was mailed on August 16th and should certainly have reached you by the 26th. We have, therefore, immediately started a tracer from this end; possibly an enquiry from your end would also be of assistance. It does seem too long for it to be lying in the Canadian Customs. I am awfully sorry that this contretemps should have happened, and am hoping that by the time this reaches you, you will have received word of the coin.

You certainly have been busy if you have catalogued and put away ten thousand pieces! That makes quite a record for a summer's work, but I am certain that you will be repaid for your trouble by what you may have found in all this material.

Hoping to hear from you that the coin has arrived safely, I am,

Sincerely yours,

President
